

Lucas Darius KONRAD

Department of Economics, Vienna University of Economics and Business
Welthandelsplatz 1, 1020 Vienna, Austria
✉ lucas.konrad@wu.ac.at | 📞 +43 1 31336 6699 | 🌐 lucaskonrad.eu

EMPLOYMENT

Consultant , World Bank – FinSAC & MTI	Since 2023/05
Research and Teaching Associate , WU Vienna – Economics Department	Since 2022/09
Project Member , A New Climate Plan for Austria	2023/04 - 2024/06
Trainee , European Central Bank – DG Statistics	2022/03 - 2022/09
Tutor , WU Vienna – Markets and Strategy	2021/09 - 2022/02
Research Intern , Dutch Central Planning Bureau	2021/04 - 2021/10
Student Assistant , Raiffeisen Bank International – Macro/FI/FX-Research	2019/03 - 2020/09

EDUCATION

PhD program in Economics , WU Vienna	Since 2022/09
MSc in Econometrics (with honors) , Tilburg University	2020/09 - 2021/11
BSc in Economics (with honors) , WU Vienna	2016/10 - 2019/09

SKILLS

Languages: German (native), English (C2), French (A1), Spanish (A1)
Programming: R, C++, MATLAB, Python, Mathematica, Stata

RESEARCH INTERESTS

Anomaly Detection, Environmental Risk, Macroeconomic Risk, Extreme Value Theory, Bayesian Statistics, Dependency Modeling

ACADEMIC WORK

Publications

Konrad, L.D., Kuschnig, N. (2026), Finding Most Influential Sets
Published in *Proceedings of the International Conference on Machine Learning (ICML)* Presented at AMES (Hanoi 2026)

Konrad, L.D., Kuschnig, N. (2026), Testing Most Influential Sets
Published in *Proceedings of the International Conference on Learning Representations (ICLR)* Presented at ICLR (Rio de Janeiro 2026), IAAE (Turin 2025)

Conditionally Accepted

Konrad, L.D., Vashold, L., and Crespo Cuaresma, J. (2026), Bayesian Indicator-Saturated Regression Conditionally Accepted at the *Econometrics Journal*

Presented at AMES (Hanoi 2026), Monash University - EBS seminar (Melbourne 2025), University of Melbourne - Econometrics Seminar (Melbourne 2025), WWCS (Berlin 2024), ISBA (Venice 2024), ESOBE (Örebro 2024)

Working Papers

Konrad L.D. (2026), Inference for Population Sensitivity – Influence and Breakdown in Linear Models

Konrad L.D. (2024), Basically Trapped – A General Equilibrium Approach to the Undersupply of Basic Research in Free Markets

Work in Progress

Konrad, L.D., Kuschnig, N., Zhu, D. (2026), Most Influential Periods – Exact Episode-Deletion Diagnostics for Local Projections

Stechemesser, A, **Konrad, L.D.**, Rochowicz, N.D., (2026), On the Effectiveness of Climate Policy Mixes in Developing Countries

Konrad, L.D. (2026), Generalized Normal Moment Priors
Presented at ESOBE (Melbourne 2025)

Konrad, L.D., Pfarrhofer, M. (2026), Skewness in Mean - Growth at Risk

Wohak, U., **Konrad, L.D.**, Kuschnig, N., Vashold, L. (2026), Random Forest Protection - Estimating REDD+ Counterfactuals

Software

Konrad, L.D., Kuschnig, N. (2026). findingMIS — Finding Most Influential Sets in Partial Linear Models.

github.com/nk027/findingMIS

Konrad, L.D., Kuschnig, N. (2026). testingMIS — Testing Excess Influence of Most Influential Sets.

github.com/konradld/testingMIS

Konrad, L.D., Goldmann, J. (2025). BISAM — Estimating Bayesian Indicator Saturated Models.

github.com/konradld/bisam

Grants

OEFG “International Communication” Grant

WU Merit-based scholarship grant 2024/25

WU Merit-based scholarship grant 2023/24

WU Merit-based scholarship grant 2022/23

Thesis Supervision

Jakob G. (2025): BISAM Unchained:

A High Performance Framework for Bayesian Indicator Saturated Models

(MSc)

- Matthew Dwight H. (2025): Microstructure Based Mid-Price Forecasting: Performance Comparison of a Stochastic Approach Against Benchmark Machine Learning Methods (MSc)
- Georgy A. (2025): Inflation and Stock Market Returns in the United States: A Sectoral Analysis (BSc)
- Jonas F. (2025): Beyond Static Pro-Formas: A Macro-Based Forecasting Framework for Cap Rates and Refinancing Risk (BSc)
- Thaïs N. (2024): Detecting Fires through Satellite Distortions using Causal Random Forests (MSc)

Teaching Activities

Bridging Course in Econometrics (graduate), Econometrics 1 (undergraduate), Econometrics 3 (undergraduate), International Macroeconomics (undergraduate)

Journal Referee

The R Journal, Climate Policy, Empirica, Statistical Journal of the IAOS
