

Lucas Darius KONRAD

Department of Economics, Vienna University of Economics and Business
Welthandelsplatz 1, 1020 Vienna, Austria
✉ lucas.konrad@wu.ac.at | 📞 +43 1 31336 6699 | 🌐 lucaskonrad.eu

ACADEMIC APPOINTMENTS

Research and Teaching Associate, WU Vienna – Economics Department Since 2022/09

Education

PhD program in Economics, WU Vienna Since 2022/09
MSc in Econometrics (with honors), Tilburg University 2020/09 - 2021/11
BSc in Economics (with honors), WU Vienna 2016/10 - 2019/09

RESEARCH

My research focuses on anomaly detection and model misspecification. I am also interested in extreme value theory, Bayesian statistics, dependency modeling, and environmental and macroeconomic risk.

Publications

Konrad, L.D., Kuschnig, N. (2026), Finding Most Influential Sets
Published in *Proceedings of the International Conference on Machine Learning (ICML)*
Presented at AMES (Hanoi 2026)

Konrad, L.D., Kuschnig, N. (2026), Testing Most Influential Sets
Published in *Proceedings of the International Conference on Learning Representations (ICLR)*
Presented at ICLR (Rio de Janeiro 2026), IAAE (Turin 2025)

Forthcoming

Konrad, L.D., Vashold, L., and Crespo Cuaresma, J. (2026), Bayesian Indicator-Saturated Regression
Forthcoming in the *Econometrics Journal*
Presented at ESEM (Dublin 2026), AMES (Hanoi 2026), EcoMod (Luxembourg 2026), Monash University – EBS seminar (Melbourne 2025), University of Melbourne – Econometrics Seminar (Melbourne 2025), WWCS (Berlin 2024), ISBA (Venice 2024), ESOBE (Örebro 2024)

Working Papers

Konrad, L.D., Kuschnig, N. (2026), Inference for Population Sensitivity – Influence and Breakdown in Linear Models

Konrad, L.D. (2024), Basically Trapped – A General Equilibrium Approach to the Undersupply of Basic Research in Free Markets

Work in Progress

Konrad, L.D., Kuschnig, N., Zhu, D. (2026), Most Influential Periods – Exact Episode-Deletion Diagnostics for Local Projections

Stechemesser, A., **Konrad, L.D.**, Rochowicz, N.D. (2026), On the Effectiveness of Climate Policy Mixes in Developing Countries

Konrad, L.D. (2026), Generalized Normal Moment Priors
Presented at ESOBE (Melbourne 2025)

Software

Konrad, L.D., Kuschnig, N. (2026). findingMIS – Finding Most Influential Sets in Partial Linear Models.

github.com/nk027/findingMIS

Konrad, L.D., Kuschnig, N. (2026). testingMIS – Testing Excess Influence of Most Influential Sets.

github.com/konradld/testingMIS

Konrad, L.D., Goldmann, J. (2025). BISAM – Estimating Bayesian Indicator Saturated Models.

github.com/konradld/bisam

PROFESSIONAL ACTIVITIES

Non-Academic Employment

Consultant , World Bank – FinSAC & MTI	Since 2023/05
Project Member , A New Climate Plan for Austria	2023/04 - 2024/06
Trainee , European Central Bank – DG Statistics	2022/03 - 2022/09
Tutor , WU Vienna – Markets and Strategy	2021/09 - 2022/02
Research Intern , Dutch Central Planning Bureau	2021/04 - 2021/10
Student Assistant , Raiffeisen Bank International – Macro/FI/FX-Research	2019/03 - 2020/09

Grants

ÖFG “International Communication” grant

WU Merit-based scholarship grant 2024/25

WU Merit-based scholarship grant 2023/24

WU Merit-based scholarship grant 2022/23

Thesis Supervision

Jakob G. (2025): BISAM Unchained: A High Performance Framework for Bayesian Indicator Saturated Models	(MSc)
Matthew Dwight H. (2025): Microstructure Based Mid-Price Forecasting: Performance Comparison of a Stochastic Approach Against Benchmark Machine Learning Methods	(MSc)
Georgy A. (2025): Inflation and Stock Market Returns in the United States: A Sectoral Analysis	(BSc)
Jonas F. (2025): Beyond Static Pro-Formas: A Macro-Based Forecasting Framework for Cap Rates and Refinancing Risk	(BSc)
Thaïs N. (2024): Detecting Fires through Satellite Distortions using Causal Random Forests	(MSc)

Teaching Activities

Bridging Course in Econometrics (graduate), Econometrics 1 (undergraduate), Econometrics 3 (undergraduate), International Macroeconomics (undergraduate)

Journal Referee

Climate Policy, The R Journal, Empirica, Statistical Journal of the IAOS

SKILLS

Languages: German (native), English (C2), French (A1), Spanish (A1)

Programming: R, C++, MATLAB, Python, Mathematica, Stata

REFERENCES

Jesús Crespo Cuaresma

(PhD supervisor)

Professor of Economics, Department of Economics
WU Vienna, Welthandelsplatz 1, 1020 Vienna, Austria
